## About Me

I love to travel, read and journal! I am a huge movie buff and love seeing as many movies as I can (except horror - because I'm also a chicken!). My in-laws (and niece and nephew!) live in Stockholm, Sweden and we try to visit them as often as we can!

I am so excited to be a part of the Lee team and genuinely appreciate the work y'all do for the teachers and staff - this is amazing! THANK you!

A perfect day for me would be:

A plane, boat or beach! In Austin likely a picnic at Zilker with a new book!
